AT-AWAY

Carpet and Upholstery Stain Remover

Places of Use Include:

- Hotels/Motels
- Hospitals
- Office Buildings
- Municipalities
- Nursing Homes
- Schools
- Apartment Complexes
- Anywhere Stains are a Problem

ATCO's AT-AWAY carpet and upholstery stain remover is the ideal product for use on a number of stains and spills, including pet stains, blood, grease, food, grass and beverages. It has little or no sudsing, leaving the cleaned area free of dirt-attracting residue. AT-AWAY can be used on color-fast carpets and most upholstery fibers without the fear of discoloration or damage.

For Professional Results Against the Following Stains:

- ✓ Pet Stains
- ✓ Blood
- ✓ Grease
- ✓ Food
- ✓ Latex Paint
- ✓ Beverages (colas, fruit juice, tea, wine, etc.)

APPLICATIONS

With AT-AWAY's unique odorless formula, odors disappear along with the stain, leaving the area clean and fresh smelling. AT-AWAY may be used on all color-fast carpet and most upholstery fibers without fear of discoloring or damaging. By applying directly to the stained area and agitating, AT-AWAY will loosen the stain from the fiber. The stain then rises and may be easily blotted. AT-AWAY will not separate so there is no need for shaking before using. Its strength will last as long as the cap is kept tightly closed. AT-AWAY has little sudsing, leaving the cleaned area free of residue.

DIRECTIONS

May be used in a shampoo or water extraction machine. When using a shampoo machine, apply 1 pint (16 oz.) per tank of shampoo. When using a water extraction machine with holding tank, add 1/2 pint (fl. oz.) per gallon of hot water. Pre-spot and agitate badly stained areas before beginning.

TECHNICAL DATA

Type:	Alkaline liquid stain remover
Specific Gravity:	0.95 (7.93 lb/gal)
pH:	12.0
Flammability:	None
