

Product Data

- ✓ Destroys Germs Associated With Communicable Diseases
- ✓ One Product Cleans, Deodorizes and Disinfects
- ✓ Kills Microorganisms
- ✓ Effective Against Staphylococcus Aureus, Salmonella Choleraesuis, Pseudomonas Aeruginosa and Herpes Simplex Type 1 and Type 2
- ✓ Controls Mold and Mildew
- ✓ Contains No Abrasives to Scratch Surfaces

...setting performance standards worldwide...

CENTURION I

Multi-Purpose Cleaner With Foam Action

CENTURION I... Performance in Action.

● **KILLS HERPES SIMPLEX VIRUS.** On hard, non-porous surfaces, it kills Herpes Simplex Types 1 and 2, the virus that causes genital herpes, which can be transmitted through contact with surfaces such as toilet seats.

PERFORMANCE BENEFIT: Helps keep work and public contact environments safe. Helps stop the spread of disease.

● **QUICKLY CLEANS, DEODORIZES AND DISINFECTS.** In one easy step, CENTURION I's activated foam provides fast three-in-one action. It disinfects as it removes stains, rings and discolorations, and it leaves a fresh, pleasant fragrance.

PERFORMANCE BENEFIT: Economical. Saves labor hours. Saves money.

● **CONTROLS SPREAD OF MICRO-ORGANISMS.** CENTURION I is an effective disinfectant on surface bacteria. It kills germs that can cause flu, staph infections, cold sores, food poisoning, eye infections and skin infections.

PERFORMANCE BENEFIT: Broad spectrum action works on frequently handled objects that spread disease-causing germs. Single product versatility.

● **CLINGS TO VERTICAL SURFACES.** CENTURION I is easy to use on walls, partitions and ceilings. Its foaming action clings directly to the point of application.

PERFORMANCE BENEFIT: The disinfectant power is concentrated on the problem area. Reduces the amount of product needed to do the job.

APPLICATIONS

CENTURION I is a germicidal cleaner which can effectively eliminate the breeding of ground bacteria and viruses on counter tops, sinks, grouting tiles, walls, urinals, ducts, switches, etc. It cleans and disinfects enameled, varnished or painted surfaces, vinyl, plastic, porcelain, stainless steel and woodwork. CENTURION I is recommended for use in hospitals, office buildings, motels/hotels, factories, food plants, schools and institutions.

CENTURION I kills the following organisms on hard, non-porous environmental surfaces:

Staphylococcus Aureus

Salmonella Choleraesuis

Pseudomonas Aeruginosa

****Herpes Simplex Type 1 and Type 2**

DIRECTIONS

GENERAL CLEANING: Spray evenly over surface. Wipe clean. For heavily soiled areas, allow foam to set for a minute before wiping. **TO DISINFECT AND DEODORIZE:** Clean as above, then follow by applying a thin film covering entire area to be disinfected and deodorized. Allow to set for at least 10 minutes, then wipe clean with a clean, damp cloth. **TO CONTROL MOLD AND MILDEW GROWTH:** Clean surface, then apply a thin film covering entire surface. Wipe with a clean, damp cloth and allow to air dry. Reapply as new growth appears.

TECHNICAL DATA

Composition:	Active ingredients are quaternary ammonium chlorides
Type:	Germicidal surface cleaner and deodorant
Specific Gravity:	1.0 approx.
Boiling Point:	163°F (Conc.)
Flash Point:	None to b.p. (212°F - T.O.C.)
Water Solubility:	Complete
Storage Stability:	Max. 120°F
pH:	12.0

ACTIVE INGREDIENTS:

N-alkyl dimethyl benzyl ammonium chloride.....	0.125%
N-alkyl dimethyl ethylbenzyl ammonium chloride....	0.125%
INERT INGREDIENTS.....	99.750%
TOTAL	100%

APPROVALS

EPA Reg. No. 7405-39-13051
