APPLICATIONS

ROWDY is a hand cleaner containing volcanic pumice and skin conditioners. ROWDY contains a blend of the highest quality surface cleaners, soil suspending agents and gentle emollients. This unique formula uses a mixture of mild abrasive particles to help loosen and lift embedded soil.

ROWDY is ideal for removing dirt, heavy grease, ink, paint stains, mastic and other stubborn soils. It is an essential hand cleaner for mechanics, painters, machinists, industrial workers, printers, maintenance men, assembly line and construction workers.

DIRECTIONS

DO NOT wet hands with water. Apply sufficient amount to palm of hand. Rub until all soil is loosened. Work well into crevices on knuckles and fingernails. Wipe hands with a towel, or rinse with water if desired.
