APPLICATIONS

SANTASTIC is a broad spectrum, versatile disinfectant and cleaner. This one-step formula can be safely and effectively used as a hospital disinfectant, deodorizer and hard surface disinfectant. SANTASTIC can also be used in industrial and institutional areas. Please see label for entire list of application areas.

SANTASTIC is effective against HCV, HBV and HIV-1 and the Human Coronavirus. SANTASTIC also kills Pandemic 2009 H1N1 influenza virus (formerly called swine flu). Respiratory illnesses attributable to the Pandemic 2009 H1N1 are caused by influenza A virus. SANTASTIC is a broad-spectrum, hard surface disinfectant that has shown to be effective against influenza A virus tested and listed on its label and is expected to inactivate all Influenza A viruses including Pandemic 2009 H1N1. See label for specific instructions.

DIRECTIONS

See label for specific instructions and the microorganism list for microorganism kill claims.
