APPLICATIONS

WITHOUT citrus lotion hand cleaner has the fresh scent of citrus. Its formula is pH balanced, very effective at cleaning tough soils, biodegradable and petroleum solvent free to address environmental concerns. Its premium, natural citrus cleansing agents safely and effectively dissolve grease, paints, inks and many other hard to remove soils. WITHOUT contains a bacteriostat and is fortified with five conditioners, including glycerine, aloe vera, vitamin E, jojoba and wheat germ extract, to help keep hands soft and smooth.

This product is designed specifically to be used in ATCO's Get-With-It Dispenser. This patented dispenser features the following benefits:

- Easy, quick-changing, no mess refill tank empties 100% - NO WASTE
- Reservoir back-up allows reloading at your convenience
- Time-tested, heavy-duty pump mechanism is guaranteed for life
- See-through window lets users know when refill can be changed
- Product's foil seal locks in freshness and eliminates tampering
- Snap-in/snap-out features lock reservoir and refill tank in place

DIRECTIONS

For product: Apply a small portion to hands and rub gently. Rinse with water and dry. If no water is available, wipe with a clean cloth or paper towel.

For inserting product refill into GET-WITH-IT Dispenser: Back-plate of Get-With-It Dispenser is mounted to wall. Dispenser/reservoir unit locks into bottom portion of mounted plate. With foil seal down, align product refill with middle and upper tracks on back-plate (Figure 1). Remove cap, invert and slide container into wall-mounted back plate of dispenser. **Do not remove seal. Do not puncture container.** Refill is pushed in and slid down into tracks, locking it into position which breaks the foil seal (Figures 2 and 3). WITHOUT flows into reservoir, emptying completely during use with no waste. When empty, WITHOUT refill can be changed at maintenance personnel's convenience, as a full 1000 ml of product will be left in the reservoir. You get 1,444 dispensings from each 4000-ml refill.
